

Flexo CH Coverplate EJs

Flexo CH: A heavy duty architectural floor coverplate system designed for use with heavy pedestrian, and infrequent service-equipment traffic. Suitable for use in concourse areas such as stadiums, convention centres, airport terminals. FxCH can be supplied with coverplates finished in natural and colour anodised aluminium, or bead-blasted. There is also an optional "T" bracket modification, for use in exposed agg, terrazzo, stone or paving.

Fx CH
