

Aquo C Compression Seal EJ

Aquo C: Aquo C is an EPDM Compression Seal. It is a cost-effective solution for concrete expansion joints which do not require a watertight seal. AqC can be used in carparks, wharves and industrial building-joints or other concrete/masonry movement joint applications.

Aq C

Previous Model No: UNC

Performance

UV stable
High movement range

Compatible Finishes

Exposed Concrete

Standard Length

10m
